

Brick Fork

Part # BRFK

Features

- Fits any Berlon Class II Fork Frame
- Fork frame can be easily switched from pallet to block
- Heavy duty, forged & heat treated, solid 2" square forks
- 4 forks, each 48" long (318 Lbs)
- Tapered fork ends for easier entry
- Spring loaded positioning latch
- Dual steps allow operator safe & convenient skidloader entry/exit
- Heavy duty, high strength, formed, 1/4" steel block guard provides operator protection, yet maintains excellent visibility

Machined/beveled inner edge of the notched "fork top rail" allows for easier positioning of the forks.

Specifications

Category:	Brick Forks
Model #:	BRFK
Fork Rating:	2110 Lbs Per Fork
Fork Frame Rating:	3500 Lbs
Frame Weight Only:	199.5 Lbs
Brick Guard:	1/4" Thick
Standard Mount:	MPUF-1
