

# Cutting Edges

## Weld-On Cutting Edges

Part # CE-(edge length) Example: See Below

Berlon's **Cutting Edges** are made of a high carbon steel and come in a variety of lengths, widths and thickness. The Berlon edges with holes, are punched 6" on center and are designed to accept a 3/4" plow bolt. Berlon's edges are available in random lengths up to 22' or can be cut to size (*a cutting charge applies*).

Edge Description	Part Number Explanation
<b>1/2" x 6" With Holes</b>	<b>CE-(edge length) F-50</b> <i>Example: CE-54 F-50 is a 1/2" x 6" x 54" Weld on Edge With Holes</i>
<b>3/4" x 6" With Holes</b>	<b>CE-(edge length) F-75</b> <i>Example: CE-54 F-75 is a 3/4" x 6" x 54" Weld on Edge With Holes</i>
<b>3/8" x 3" Without Holes</b>	<b>CE-SB 3/8 x 3 x (edge length)</b> <i>Example: CE-SB 3/8 x 3 x 54 is a 3/8" x 3" x 54" Weld on Edge Without Holes</i>
<b>1/2" x 4" Without Holes</b>	<b>CE-SB 1/2 x 4 x (edge length)</b> <i>Example: CE-SB 1/2 x 4 x 54 is a 1/2" x 4" x 54" Weld on Edge Without Holes</i>
<b>1/2" x 6" Without Holes</b>	<b>CE-SB 1/2 x 6 x (edge length)</b> <i>Example: CE-SB 1/2 x 6 x 54 is a 1/2" x 6" x 54" Weld on Edge Without Holes</i>
<b>3/4" x 6" Without Holes</b>	<b>CE-SB 3/4 x 6 x (edge length)</b> <i>Example: CE-SB 3/4 x 6 x 54 is a 3/4" x 6" x 54" Weld on Edge Without Holes</i>
