

# Cement Mixer

Part # CMX

## Features

- Easy hook up
- Easy to clean
- Adjustable drum angle
- Ability to lift and empty into wall forms or columns
- Transport concrete long distances with ease
- Variable drum RPM
- Impact resistant polyethylene drum (for easy cleaning)
- Generous 18" drum opening for easier loading
- Stainless Steel Blades

This skidloader mixer is the workhorse of **Cement Mixers**. The increased drum size measures 6 Cubic Feet of volume empty and allows you to mix 3.5 Cubic Feet of concrete. Maximum mixing efficiency of 4 to 5 bags of concrete. The impact resistant polyethylene drum is 7/16" thick and has an 18" opening. The drum turns at 5 to 30 variable RPM, powered by a 0 to 30 GPM @ 3000 PSI hydraulic motor. All this is attached to your skidloader with easy hook up.

**Note: Cement Mixer comes with a universal mount only (no other mounts are available for this attachment).**

## Specifications

<b>Polyethylene drum size:</b>	6 Cubic Ft
<b>Batch Capacity:</b>	3.5 Cubic Ft
<b>Drum speed:</b>	5 to 30 Variable RPM
<b>Hydraulic Flow:</b>	0 to 30 GPM
<b>Maximum PSI:</b>	3,000
<b>Attachment Weight:</b>	250 Lbs
