

# ***Trailer Mover***

Part # TMV

The **Berlon Trailer Mover** is self-standing and easy to attach or detach from a skidloader. The **Trailer Mover** is designed to move standard ball hitch type trailers as well as farm type implement hitches. It can pick up fallen trailer tongues and hooks up to any of these types of trailers quickly and easily. **Berlon's Trailer Mover** is powder painted black and comes standard with a MPUF-1 mounting plate.
